PRINCIPAL'S WELCOME

Welcome to Eltham High School. It is with great pleasure that I introduce our school to you, which has been working with the community since 1926.

Eltham High School is a large secondary school on the urban rural fringe of north-eastern Melbourne. The school's primary focus has always been to enhance student outcomes through the provision of high-quality teaching and learning strategies.

Eltham High School is highly regarded as an educational institution. Its reputation as an outstanding academic school is well recognised within the community and education circles. Students are offered a large number of outstanding co-curricular opportunities including programs in the performing and visual arts and elite sport. Engagement with student leadership initiatives is sustained across all areas and levels of the school.

Over the years Eltham High School has established a tradition through its strong commitment to Inspiring through excellence and social justice.

Eltham High School is a school with high expectations where you feel safe to be yourself and are challenged to think critically, to work independently and in teams, to show leadership and to achieve success along many pathways.

As a learning community we value:

- The Pursuit of Excellence
- Individuality
- Creativity
- Social and environmental responsibility
- Respect for diversity
- Integrity.

Our school motto "Deeds Count" guides our way to achieving our goals.

The tradition we have established continues today through the excellent work of our current staff, a team of very professional and committed teachers and support personnel that I am very proud to lead.

Our students are consistently offered a broad range of opportunities that provide innovative and exciting educational experiences. Strong emphasis is placed on students learning from each other.

Student learning and well-being is the foundation of our school. This is enhanced by the building of positive relationships between all sectors of our community and supported by a sub-school structure with several coordinators at each level (junior, middle and senior); Student Services Leader, Student Support Workers, Careers and Pathways Coordinator, Additional Learning Needs Coordinator, Sick Bay attendant and a series of support personnel.

Eltham High School is an outstanding school in a range of areas including:

Academic Excellence:

- A high performing school.
- VCE results across all studies consistently place Eltham High School amongst the top schools in the state.
- Students gain places in tertiary courses in medicine, science, law, business, health science, the media, humanities, the arts and sport.

Innovation:

- Leading innovation in curriculum and pedagogy through the application of the EHS Instructional Model and an Inquiry model of curriculum delivery.
- Strong links with Melbourne and Latrobe Universities through such programs as In2Science and the Learning Partnership and Swinburne University through the BRAINstem initiative.
- Strong links with the Banyule/Nillumbik Tech School.
- Linking students to experiential learning within their community.
- A notebook program in support of the use of e-learning technologies.

Leadership:

- Creating responsible citizens to lead in the 21st century.
- Developing students as leaders through a wide range of training and responsibilities.
- Identifying students as leaders through formal leadership structures and through the mantra of “Leadership Without the Badge”.

Teamwork:

- Great Relationships: Students and staff working together to achieve their best.
- Strong parent and community support enhancing student outcomes.

Building further, our Elite Sports and strong Interschool Sport programs are offered to students across all age groups. Our extensive music program acclaimed as one of the best school bands program in Australia provides not only the opportunity for students to learn an instrument but also to represent our school and community nationally and internationally. The outstanding performance program in Drama continues to deliver acclaimed student performances at a national level. The annual Arts and Technology exhibition further supports the creative talents of both our students and our staff, as does the outstanding student writing program which culminates in the Student Anthology.

To achieve improved student outcomes the staff is engaged in a range of professional development activities. Effective professional development needs to be delivered in a supportive atmosphere; a whole school professional learning strategy is currently in place; in 2006 steps were taken to identify a suitable model for establishing a sustainable Performance & Development culture in the school. The preferred collegiate model, which undergoes consistent review and improvement continues to be implemented as the vehicle for staff development and growth. The ARC (Action Research Communities) process allows our teachers to work collaboratively to improve student learning and growth.

At Eltham High School we are looking forward to the future and its possibilities. We have been successful in receiving a number of facilities building grants allowing the redevelopment and provision of purpose-built facilities and we are looking forward to the future development of our STEAM/Science facilities. Demand for places at the school remains high; we look forward to the future with confidence and excitement.

Principal

ELTHAM HIGH SCHOOL EDUCATIONAL LEADERSHIP ROLE DESCRIPTION

Educational Leaders form part of a visionary, dynamic team of people with diverse skills and major responsibilities across a range of areas of the school's ongoing development. The goal of Educational Leadership is improved student learning outcomes. Ultimately, Educational Leaders are leaders of people. The focus of the role is the provision of transformational leadership to the Eltham High School Community. What follows has been identified by the school community as the essential characteristics of educational leadership at Eltham High School as derived from the following six principles of teaching and learning.

1. Building Positive Relationships:

Educational Leaders manage the balance between how they feel, think and behave. They work to align these elements and the school's principles of teaching and learning. This creates a school environment in which the whole person is valued and leaders work enthusiastically to build positive relationships.

Leaders actively foster an environment of support, well-being and respect among staff and students.

2. Catering for Diversity:

Educational Leaders will be diverse in their talents and will be skilful in one or more of the five Sergiovanni Leadership domains whilst continuing to develop strength in the others.

- Technical Domain: Effectively plan, organise, coordinate and manage resources and develop strategies to ensure optimum effectiveness.
- Human Domain: Provide support, encouragement and growth opportunities for others including staff and students.
- Educational Domain: Provide expert professional knowledge and maintain, justify and articulate sound, comprehensive programs of instruction.
- Symbolic Domain: Model important goals and behaviours in a range of environments including learning spaces, formal school functions, ceremonies and other important occasions. This is characterised by alignment with and commitment to the school vision.
- Cultural Domain: Demonstrate leadership of the community by defining, strengthening and articulating values and beliefs that make the school unique. This is characterised by a commitment to common and shared expectations, meanings, customs and traditions.

Diversity is valued and encouraged. Educational Leaders will bring individual skills which collectively will provide a strong leadership framework across the school community.

3. Focus on Intellectual Quality:

Educational Leaders model a passion for learning by high levels of enthusiasm and direct involvement. They demonstrate strong professional beliefs about schools, teaching and learning. They promote a shared language of effective learning and effective schools.

Leaders have a consistent focus on the quality of the school's teaching and learning practices including the use of ICT as a critical tool for whole school improvement. Their ongoing professional growth, supported by professional reading including published national and international educational research, contributes to the overall intellectual quality of the school community.

4. Encourage Creativity, Staff and Student Involvement and Voice:

Educational Leaders will show strength in both advocacy (making sure that others know what you want and need by having the courage to tell them) and inquiry skills (understanding other people's goals, dreams and desires, by showing consideration and seeking to understand their contribution). Role modelling of such behaviours to colleagues and students will not only encourage them to contribute their creativity and their voice but will be crucial in helping them to develop these skills. This will be reflected in their self-confidence and their respect for the ideas and feelings of others.

5. Solve Problems, Develop Teamwork and Links to the Community:

Education Leaders have the skills for creative problem solving. They embark on unexplored paths and consider a range of options for debate and implementation.

Effective change management is achieved through teamwork. It provides staff with opportunities to fully utilise their capabilities as a means of achieving the school vision and promoting the most effective group dynamic and results for students, school and community. Educational Leaders share leadership and build teams. They identify and support staff to assume and exercise leadership from different roles in the school. Furthermore they develop networks with other leaders, schools, agencies and individuals to foster mutually beneficial exchanges of expertise and practice.

The role modelling of these behaviours reinforces the school's commitment to a distributed leadership structure.

6. Use Varied Appraisal Processes - As, Of and For Learning:

Educational Leaders will be reflective learners assessing their leadership strengths and growth needs **for** potential learning opportunities.

This reflection will be ongoing and supported by data collected from several sources of feedback identifying this **as** a learning strategy. Data analysis incorporating references to a strong research base will be a measure **of** the learning that has taken place.

In addition to meeting the professional standards (please refer to the Victorian Institute of Teaching – Professional Standards and AITSL) the following areas of responsibility apply to these positions.
